CAFÉ FIRST

Who We Are

Our ministry offers every person of all ages who attends FBBC a welcoming place to fellowship and be served refreshments before, during, and after our 8:30 and 10:30 A. M. Sunday services.

What We Do

The Café Ministry is dedicated to providing a welcoming environment to all people who are attending or visiting First Bible. We work together to create a clean and comfortable café where members and guests can come and, not only find physical refreshments, but also a place to meet, fellowship, witness, share, and invest in each other's lives.

Our Goal

For all those who enter the café to feel welcome, comfortable, and sense the presence of God working through the hands and feet of café volunteers. And that all our guests would find, as volunteers attend to their physical refreshments, they are also provided a loving, inviting environment where they can be refreshed and truly feel cared for.

How do we accomplish that goal?

By seeing each interaction that happens in the café as an opportunity to show the love of Jesus Christ, we can touch the lives of everyone we serve through our attention to their needs and by creating a comfortable place where everyone feels welcomed and loved.

How **YOU** can be involved:

We are very flexible in working with you to find a schedule that fits for you. You can choose volunteering once a month, twice a month, three times a month, or even every week. There are also positions for when there is a 5th Sunday of a month. And you can choose the time frame and type of volunteering you prefer such as cashiering or opening or closing.

Opening: for the early risers we have positions from 6:45-8:15 A.M. that include helping with food prep, brewing coffee, setting up display items, keeping the counters and floors clean and helping our guests. We also have cashiering positions.

During our 1st service (8:15-10:15am): similar as the opening positions but at a slower pace.

Rush Hour (9:45-10:45am): between our two services we have two cashiers and other volunteers who oversee the food and drink items to resupply them as needed, and keep counters, tables, floors, and empty display units clean. But most importantly to help our guests in any way possible.

During our 2nd service (10:15-12:15): similar to rush hour but at a slower pace.

Closing (10:15-1:00 or 11:45-1:00): this includes duties listed above from the rush hour time frame but also include being responsible for closing the café: emptying and cleaning coffee carafes, emptying and cleaning display units, storing away items, emptying the trash containers, cleaning tables, locking and turning off necessary items.
